

WHO WE ARE

- We are the Ilderton and District Lions Club
- Received charter in 1954, 50 active members
- Serve the communities of Ilderton, Birr, Denfield and surrounding areas
- Provide financial support to youth organizations, including sports and other community needs

THE BUDGET

\$ 640,000 to be raised in 2016.

Should our fund raising goal be surpassed, additional equipment will be acquired to further enhance Medway Athletic facilities in consultation with the Thames Valley District School Board.

The Ilderton Lions have taken on the raising of funds as a project to enhance Medway High School athletic facilities, in which the community can also use through the Board's Community Use of Facilities Procedure.

Once the funds are raised, we will turn them over to the Thames Valley District School Board. The school board will then manage the build of the project.

With your support, we hope to break ground next spring and have the facility ready for September 2017!

HOW YOU CAN HELP

FAMILIES

Donate through one of our programs such as the *Wall of Recognition*.

ALUMNI

Get your graduating class to make a class donation.

SERVICE CLUBS

Plan a fund-raiser to assist this project.

CORPORATIONS

Donations gratefully accepted.

DONATIONS

Choose to donate and get a brick on the *Wall of Recognition* or on the *Donor Walk*.

*Wall of Recognition
For Donations
Over \$2500*

*Donor Walk
Each Brick is \$500*

A Community Project of the
Ilderton & District Lions Club

THE PROJECT

- Our Broad Objective is to create a center of activity for all the community to access through TVDSB Community Use of Facilities
- This center will provide facilities for track and field, football, soccer, rugby, field hockey, walking and running
- It will enable our children to engage in and learn about living a healthier lifestyle
- And will advance the provision of physical activity for those with physical and developmental challenges
- Replace cinder track with a 6 lane all-weather synthetic surface
- Upgrade the field including underground irrigation
- Install a perimeter fence
